

# MEGAN HUNDLEY SCENTWORK SEMINAR

Hosted by Olde Oak Ranch

June 28<sup>th</sup> & 29<sup>th</sup>

Saturday – 9am to 4pm

Sunday – 9am to 4pm

## Saturday, June 28th, 2025:

### ❖ **Reading your dog**

The focus of this workshop will be on reading your dog's communication when they are in and on odor versus other smells (distractions).

We will watch the dogs of all levels work and see that there are different types of behaviors that the dogs commonly show when working these types of puzzles. This information can help us know when we may want to call alert or clear(no odor) when our dogs are working.

### ❖ **Skill building drills**

We will have different scenarios and games for dogs of all levels. We will watch beginner dogs learn how to source, and the handlers learn to read their dogs. We will use the same games and drills on advanced dogs to make sure the handlers are reading their dogs correctly. All dogs will be sourcing, finding multiple hides and moving on, challenging the dog's assumptions about where odor can be, etc.

## Sunday, June 29th, 2025:

### ❖ **All level searches including Master/Detective Searches:**

Solve the odor cone before you move onto the next one, thresholds, converging odor, pooling odor

### ❖ **Skill building drills for this level**
